SDG 12

SMARTER PREP FOR SMALL FOOD BUSINESSES

Cook to demand. Not guesswork.

Turn daily sales into a clear plan for what to prepare and which ingredients you need.

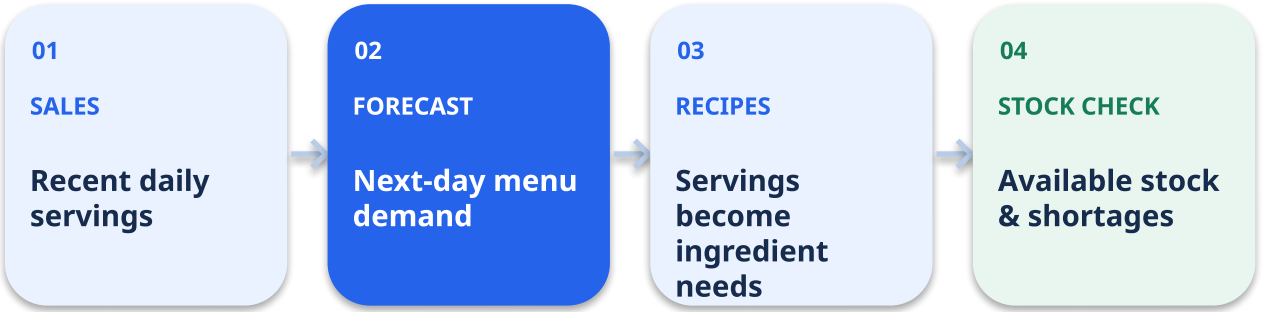

THE GAP

Sales, recipes and stock are often disconnected—making tomorrow's prep a daily guess.

Forecast → Ingredients → Reviewed plan

From recent sales to tomorrow's plan

One workflow connects demand, recipes and usable stock.

A PLAN PEOPLE CAN REVIEW

Adjust servings. Check shortages. Save a draft or approve.
